

WATER AND OUR WORLD

Read-Aloud Book Packs

Lessons include all the information necessary to learn and understand the unit concepts. The optional read-aloud books provide additional information to complement the unit, if desired. To save you time and money, we offer Read-Aloud Book Packs for some of the units. These book packs include our top picks for some units in the lesson. Our books packs cost less than buying the books individually on Amazon.com. We only sell the books in packs, not individually.

Grades K-6

Lesson 5

A Drop Around the World

by Barbara Shaw McKinney

Lesson 6

Flood Warning

by Katharine Kenah
